

Congratulations on your new challenge!

Your decision to participate in the Serotonin Running Beginner Runner program may be based on any number of reasons.

- To have fun
- To challenge yourself
- To improve their health
- To become fit
- To join a social group
- Achieve a running goal
- To have a structured program to keep them motivated
- To combat depression

Whatever your reason, I'm glad you've joined us!

Running offers so many benefits, both physically and mentally.

- Improved cardio-vascular fitness
- Improved muscle and joint strength
- Weight loss
- Disease prevention, eg. diabetes
- Prevention of osteoporosis
- Stress reduction
- Social interaction

Running can also have its risks – injuries can occur, such as muscle sprains and connective tissue injuries. As you are at the start of your running journey, you can be susceptible to injuries as your muscles and connective tissues are doing work that they are not used to! That is why it is very important to start off slowly, in both speed and intensity. Equally important is the strength and stretching component of this program.

Our Beginner's program is aimed at gently introducing you to running, in a fun and supportive environment. The program is based on a run-walk methodology and incorporates strength and conditioning into the weekly program. It runs for ten weeks, with the final goal having you running for 30 minutes without walking.

HOW IS THE PROGRAM DELIVERED?

- Serotonin Running provides a 10 week program, delivered in weekly instalments via Final Surge coaching app. The program includes details on your running sessions, as well as stretch and strengthening exercises to be completed.

- The program comprises of three running and one strength session per week.
- The program package can be paid in full prior to commencing, or in fortnightly payments
- You will participate in one track session each week.

Details of session times are updated on our Facebook page. These sessions are where you will be guided through your set program, with advice given to you by your coach, on running technique, breathing, correct exercise technique, injury prevention, and post-run recovery. You will also be part of a strong, supportive and motivating group of women who love to run!

PROGRAM PAMENT DETAILS

<p>PROGRAM AND GROUP TRAINING SESSIONS</p>	<ul style="list-style-type: none"> • 5 X fortnightly program, via Final Surge • Pre-exercise assessment and discussion with your coach, via email and phone • Access to one group training session per week 	<ul style="list-style-type: none"> • \$30/week • OR \$300 total payment • Additional group training sessions are \$10 each
