

Welcome to your new challenge – the 2019 UTA Pace 22 race.

Welcome to the Serotonin Running community, and the UTA Pace 22 16-week training program. The program is suitable for all runners who can comfortably run 5 km's. You will be given the program in fortnightly instalments, with each week consisting of a minimum of three runs, as well as a set of strength and mobility exercises to do. Your coach will also be able to offer advice and guidance on hydration, nutrition, equipment/mandatory gear and course knowledge.

The program commences on the 28th January, 2019.

HOW IS THE PROGRAM DELIVERED?

- Serotonin Running provides fortnightly written programs, delivered via Final Surge coaching app. Each fortnightly program includes details on your running sessions, as well as strength and stability exercises to be completed.
- Feedback between athlete and coach can be given via Final Surge – so your coach can monitor your progress and advise of any necessary changes
- The program package can be paid in full prior to commencing, or in fortnightly payments
- You will participate in one track or trail session of your choice, which are conducted each week – Tuesday 6.00 am, 9.30 am and 7.00 pm, and Thursday 6.00 am and 9.30 am, at Tom Hunter Park, Faulconbridge. During March, some sessions will be held at Knapsack Reserve, Glenbrook. This is where you can be guided through your set program, with advice given to you by your coach, on running technique, breathing, correct exercise technique, injury prevention, and post-run recovery. You will also be part of a strong, supportive and motivating group of women who love to run!
